**LASER MARKING**

A service that allows laser engraving of logos on 2-piece and 3-piece outer rims. Marking is possible on standard anodized rims and black anodized rims (3 pieces only), further enhancing originality. The logo can be specified in the 1st or 2nd place in 7 patterns of SSR///, SSR/// MINERVA, EXECUTOR, ABELA, REINER, Professor, SSR/// Formula.

※There are sizes that cannot be marked depending on the rim depth. Please check the laser marking column in the menu list. You cannot specify a brand logo different from the product. The SSR logo is compatible with all brands. Marking: 1st place near the air valve. The 2nd place will be opposite the 1st place. When ordering, please specify the logo for the marking area.
